University of Johannesburg

Feb 2024 – Nov 2026 (Expected)

Relevant Modules: Database Design & Management, Information Systems Analysis & Design, Systems Development (Programming), IT Project Management, Business Management, Entrepreneurship & Innovation.

National Senior Certificate (Matric)

Mabusabesala Senior Secondary School

Class of 2021

PROJECTS & EXPERIENCE

CommunityBuild Full-Stack Django Web Application

2024 – Present

Technologies: Python, Django, Bootstrap, Chart.js, SQL | [GitHub](#) | [Live Demo](#)

- Designed and deployed a production-grade full-stack web application connecting South African graduates with community development projects, demonstrating end-to-end software delivery.
- Architected a Django MVC application with a relational database backend, implementing user authentication, role-based access control, and RESTful routing.
- Built an interactive municipality dashboard using Bootstrap and Chart.js to manage bids, inquiries, and project pipelines in real time, improving stakeholder visibility.
- Deployed the application to PythonAnywhere and maintained version control via Git and GitHub, simulating a professional software development lifecycle.

CERTIFICATIONS & AWARDS

- **Cyber Threat Management:** Cisco Networking Academy | 17 May 2026 | Cert ID: f9f5fb72-b05a-45c7-8a06-93d43f325a35
- **Python Essentials 2:** Cisco Networking Academy / Python Institute | 09 May 2026 | Cert ID: 1a8818cf-79a1-4e3e-b140-91b8ae23957f
- **Excel Digital Competency Certificate:** University of Johannesburg | 2025
- **Ms Excel for the Workplace:** University of Johannesburg | 2025
- **Ms Teams for the Workplace** University of Johannesburg | 2025
